Thinking of You With Love

I would like to say that the website is a blessing. I thank you all for all the band family has done. I have some good days and bad days but I am ok. I want you all to know that I love you guys and thank God for all of you. I sometimes get to thinking of how my brother Michael just enjoyed being a part of the band and all you all did. I know he is playing and singing all the music in heaven. I love you all and thank each and every one of you. He could not have had a wonderful home going with out you all being a part of it. Love you all! I have moved and want any member that would like to call or come by to do so. -Love, Shawque Grant (Michael Tatem's Sister)

Band Classic Gratitude and Congratulations

I want to thank each and everyone for their dedication and hard work this weekend. It did not go unnoticed. Everywhere that there was a problem, it was handled quickly, appropriately, and professionally. I thank you for that. With an event such as this, it is virtually impossible to have it happen with absolutely no problems, but the event was truly a SUCCESS! THANK YOU AGAIN! - Davon Yonkers, Director of Bands

A "special thanks" to all of the volunteers who slaved in the concession stand Saturday. Everyone was so nice and helpful and we had a wonderful time with each other. I really do appreciate the support I've received this year from my fellow Booster parents. I may just do it again next year. - Louise Logan, Concession (large)

It is very obvious that you are all a disciplined, well rehearsed group and we are proud of you!!! I also would like to let the guys who put the "Springer song" together that plays on the home page know that they did a GREAT job. That harmony is TIGHT! Is there anywhere I can purchase or download it?? GO SPRINGERS! - Susan Hathaway
